

TBF of CT Monthly meeting held November 17, 2016

Present were: Southeast, Bio Bass, Midstate,
Fishing Crew.

Minutes were approved as written.

November Opens are going ... we have limited help showing up and doing the work. Some have signed up to work and then not shown up to help. With limited help we have not gotten pictures for the website.

Steve Martins will be trail Tournament Director for 2017. We are still looking for one or more tournament Directors for the Opens. Someone close to Candy and someone close to the River...

It was suggested to keep the current bylaws – but suspend the ones pertaining to qualifying for the State Team. We get working rules for the National Semi Finals in place for April 1st – insert them as Standing Rules.

We need to get a committee together to come up with the new standing rules.

How are we going to support the National Semi Finals participants? The 2017 National Semi Finals needs to be set up by December 15th.

Respectfully submitted,
Amy Perry TBF of CT Secretary
